

Resourcing Rhythms Dance Movement Therapy Group Information for Clients

What is Dance Movement Therapy (DMT)?

Dance Movement Therapy is a form of psychotherapy which works on the principle that trauma leaves its imprint on both mind and body, and research demonstrates that effective treatment requires involvement of both. DMT uses the body awareness exercises and/or movement practices in a safe space to help you become more aware of what you feel in your body. This helps you to regain a sense of connection to your body, ownership of your body and autonomy through making choices about how to move based on what you feel. This can translate to choices about how to be in your life more generally.

You DO NOT need to have any dance or movement experience to participate and benefit from this group.

Example of group goals

- Teach about the mind-body relationship and learn skills to manage anxiety and other challenging feelings
- Reconnecting with your body and resourcing yourself
- Regaining a sense of safety and control, bodily and emotionally
- Provide a socially supportive experience to assist moving towards healthier function, in life and relationships.

Group attendance information

The group will be made of *up to* 10 participants, plus two therapists.

Generally, everyone attending will have an accepted ACC sensitive claim and is currently working with a primary 1-1 therapist. The group however is open to clients who have other funding sources, with PTSD related diagnosis, and are well supported to attend.

The group is open to all genders 18 years and older. Some of our groups have been uni-gender and we can let you know the projected group make up.

Date: Monday's 1 March – 26 April 2021 (no session April 5 due to Easter Monday)

Time: 4 – 5.30pm

Venue: The group is held in the Senior Citizens Hall, 773 New North Rd, Mt Albert in the YMCA grounds. There is plenty of parking at the venue and in the side street by Rocket Park.

The therapists: Anne Hurst and Jacquelyn Wan are experienced Professional Dance Movement Therapists (Dance Therapy Association of Australasia, DTAA) and supervisees and students of Dr Amber Gray (International trauma and movement psychotherapy specialist), completing Dr Grays' advanced clinical training in Restorative Movement Psychotherapy for Survivors of Trauma. Both practice as ACC sensitive claims therapists, and are supervisors & educators in dance movement therapy programmes.

Anne has a nursing and counselling background and is also a Registered Clinical Arts Therapist (ANZACATA) and holds an advanced Clinical Practicum in Dance Movement Therapy. Jacquelyn has a Bachelor of Science majoring in Psychology, a Masters in Creative Arts Therapies specialized in Dance/Movement Therapy, who is a Registered Dance/Movement Therapist (ADTA), Registered Arts Therapist (ANZACATA) and Professional DMT (DTAA).

Commitment

It is important that you are committed to attending **all sessions** - you will get the most out of the group this way and feel more comfortable. If for some reason you are unable to attend a session, please text either Jacquelyn or Anne to let them know. At the end of this handout is a form for you to copy and return via email to confirm your attendance and group commitment.

What do I need to bring?

We recommend bringing a water bottle, a pillow to sit on, warm and comfortable clothing, and/or a rug (however, all these are optional).

What do I do now?

If your therapist has recommended the group and you are committed to attending, they will do the necessary paperwork with ACC for this to happen. Your therapist will complete with you our group screening questionnaire (this is to provide Anne and Jacquelyn information on any matters we need to be aware and mindful of). Our administrator (Tamara) will send an email prior to the group with 'housekeeping' matters and in order for you to confirm your attendance. Anne or Jacquelyn will phone or email the week before the group to introduce themselves and to answer any of your questions. *We want you to feel comfortable!*

COVID-19

We also wanted to take this opportunity to share with you our **COVID-19 plans**. The group **will** go ahead under alert levels 1 or 2. It will be postponed under alert levels 3 or 4.

To ensure everyone's safety, prior to each session we will be asking the following:

- Have you had a confirmed or probable case of COVID19? **Y/N**
- Have you been in close contact with someone with a confirmed or probably case of COVID-19? **Y/N**
- Do you have any of the following symptoms: cough, sore throat, shortness of breath, runny nose, loss of smell **WITH** or **WITHOUT** fever?

We will also have a QR code which links to the governments tracer APP and/or a sign in sheet for the purposes of ensuring contact tracing. All surfaces within the therapy space (including door handles, seats etc) will be cleaned prior to the group, hand sanitiser is available for use before, during and after the session and any props used in the session (and we are limiting these) have been cleaned before the session and will not be passed between clients during the session.

Please let us know if you have any other concerns and we will try to mitigate these

What past participants have said

I find this particular group very beneficial in the way that it is worked. I find it challenging which pushes me and I appreciate this”

I have found this course useful for my growth. I would do it again. Facilitators have presented it in a positive, warm way. Allowing people to move at own rate has allowed more interaction with others.

Group Attendance Commitment Form

Name: _____

Group: *Resourcing Rhythms DMT Group*

- I am committing to attending the full programme
- I will arrive on time or if I am going to be late/unable to attend will let one of the therapists know prior to the group
- I will keep group confidentiality: what I hear stays in the group, what I see stays in the group, what you say stays in the group.
- I will participate in my own comfort level, try to stay in the room, and seek for support with my best ability
- I will communicate to the therapists if I need support or finding things challenging
- I will be respectful of other group members
